Some of the participants who do smoke did not see themselves being harmed as of now because they feel fine. But, they did take information about tobacco use and cancer and cardiovascular damage. The event was a success and 11 participated in the CO Monitor. There were more than 50 participants who increased knowledge.</p>

Carroll, Jasper and Madison school districts represented and sent students from each district to participate in the recording. The recordings were a great success and the students were very professional when recording the ads. The ads will be aired throughout the year to fit the events.</p> <p>During the Madison County Health Coalition meeting, members of the coalition donated items such as hard candies, mini packs of pretzels, gum, hot chocolate, hot tea packs, etc...to stuff quit kits for anyone who wants to quit tobacco use. The S.T.R.U.T. Team attended the meeting and helped put the kits together.</p> <p>The Great American Smoke Out was celebrated with the eighth grade students conducting a tobacco free pledge campaign. They received 100 pledges and 10 of those were adults.
